

Gas Main Replacement for Your Neighborhood

Project Number: GP2057; Project Area: S 35th St. to Sunshine Dr.; Drexel St. to Edna St.

M.U.D. and contractor PSC/Q3 Contracting Inc. will be replacing the gas mains in your neighborhood. The project may require the replacement of the main, service and meter to your home.

Construction will occur over the next several months and affect the street, lawns and landscaping, all of which will be returned to original condition. This effort may require two appointments - the first to coordinate the location of the new gas meter and the second to:

- Reconnect gas meter (M.U.D.)
- Inspect sewer lateral service (Roto-Rooter)
- Relight gas pilots (M.U.D.)

M.U.D. may contact you in the upcoming weeks to schedule these appointments. For any questions please refer to our website www.mudomaha.com, or contact the Field Inspector listed below:

Mike Ariza, 402-504-0868
