

Conversion to Natural Gas Water Heater Rebate Application

Metropolitan Utilities District has implemented a natural gas program for developers of commercial buildings that will pay **\$300** per water heater if converting to natural gas. Program includes stand-alone buildings, as well as buildings with multiple commercial bays and multi-family commercial water heaters. Show us your existing propane or electric plumbing plan and follow these requirements:

This rebate form must be received with a gas service application.

Rebate applies to new construction, renovations dividing existing gas load and conversions.

Rebate will be provided after gas meter(s) are set.

Rebate does not apply to multi-family residential tenant water heaters.

Funds are available on a first come, first serve basis. M.U.D. reserves the right to verify the requirements are met.
